## CHAUTAUQUA AGAIN ASSURED THE CITY

**ENOUGH GUARANTORS SIGN THE CONTRACT FOR NEXT YEAR.**

## THE "KIDDIES" TONIGHT

**Miss Tod Wright Says It Will Be the Best Pageant that She Has Given In Junior Chautauqua Work.**

**Program Sunday.**

2:30 p. m.—A Story of Overseas Red Cross Nurse, Mary K. Nelson.

4.00 p. m.—Vesper Service.

8.30 p. m.—Entertainment, Ralph Bingham.

9:15 p. m.—Lecture, "A Message from Mesopotamia," Raphael Emanuel.

Superintendent Schulz of the Redpath-Vawter Bureau stated today that Maryville will have a return engagement of this year's Chautauqua. More than the minimum number of guarantors have signed up but it is hoped to get more business and professional men to go on the guarantee. The same high class entertainment of this year and better will characterize next year's program. The tickets will sell for twenty-five cents more than they did this year.

Tonight the "kiddies" will entertain with their little pageant, "The Magic Piper." They, sixty-five of them, have been practicing for this pageant the past five days and Miss Tod Wright, Supervisor of Junior Chautauqua announces that the pageant tonight will be the best she has supervised this season. The reason for this is, she says, "The children of Maryville fully met and surpassed my expectations."

The childrens' pageant will begin at 8:30 tonight and will last fifteen minutes. All those participating will be in costume, representing the piper, the parents, the lame boy, rats, cats, dogs, and other animals which are led to follow the magic music.

Childrens' hour this morning lasted for two hours. One hour was given to rehearsing the little pagenat and the other is taken up with games and stories. If you doubt that the young people enjoy the time spent together in this way, you should attend their meetings and watch their happy interest and dancing eyes as they play and work.

Miss Wright says that credit is due to her three assistants who have helped her in her work. Miss Mary Condon and Miss Helen Dean have worked with her in entertaining the children and Miss Annie Marie Price has acted as pianist.

The cast of characters as originally chosen will appear tonight with the exception of one member. Frank Hartness will take the part of the lame boy which was first given to Leroy Fisher.

The cast for "The Magic Piper" tonight will be:

The Mayor—Clyde Gibson.

The Piper—Fred Ferguson.

The Speakers—Doris Wallace, Mary Dona Mallotte.

The Lame Boy—Frank Hartness.

The Gossips—Marion Catterson, Olive Ewing.

The remainder of the sixty-five characters will be rats, cats, dogs, and other characters.

Tomorrow, the last day of the chautauqua will be marked by one of the best programs of the week.

Ralph Bingham, known as the laugh master, is the feature attraction, and wil give an entertainment at 8:30 p. m. He wil be followed by a lecture by Raphael Emmanuel, who will give a "Message From Mesopotamia."

Mary A. Nelson, an overseas Red Cross nurse, will speak at 2:30 tomorrow afternoon, the subject of her address being, "The Story of an Overseas Red Cross Nurse."

## PRESIDENT CALLS THE G.O.P. HAND

**ORDER TO REMAIN IN SESSION COMES AS BLOW TO LEADERS**

## DIVIDED ON ALL ISSUES

**Stand-pats and Progressives Engage in Internal Warfare at the Expense of National Legislation**

Congressman Charles F. Booher reached here Tuesday, being called home on a matter that demanded his personal attention. He will be at home for a few days until the matter in hand is completed, after which he will return to his post of duty at the national capital.

Congresman Booher looks well, but is, as the old saying goes, "dead tired," the past ten weeks which he has spent at the capital being the hottest ever known in that city of hot affairs, and the temperature has caused much discomfort to the members of the two houses. When he left on Sunday there was no prospect of relief held out for the torrid temperature.

Mr. Booher is far from pleased with the work accomplished by the special session so far, as but little has been accomplished, the Republican majority in both houses having devoted all of the time to either dodging legislation, fighting the president in what he desires or fighting among themselves. They had at last gotten themselves in such a deuce of a fix that they were getting nowhere at all when their leaders, seeking to hold the eyes of the people, thought that they saw a way out of the difficulty by adjourning—and there is just where they missed it—for President Wilson called their hand and knocked out their five weeks vacation.

**Makes Duty Plain.**

And the stand-pat steering committee hasn't recovered yet. It will probably be several days before the members give pronouncement to any definite program of legislation. In the meantime, however, every possible political refuge is being resorted to in an effort to square the party with the

## PRACTICAL HOME COURSE FOR M.H.S.

**NEW COURSE TO TRAIN GIRLS FOR HOUSEHOLD DUTIES**

## CALL MEETING AUG. 27

**All Students Interested Asked to Meet at High School at That Time—A Two Year Course**

The new department of vocation home economics, established under the federal Smith-Hughes act, will be open to girls of the Maryville High School at the opening of school this fall. This course is intended to train girls for home making as practiced by wife and mother in the home. Particular attention will be given to such subjects as; the care of the house; the purchase of food and the preparation of meals; the purchase making; care and repair of clothing; the care of the health of the family; the care and training of the children; the care of th sick; the planning of the family budget, etc. One-half of the entire school day will be devoted to regular high by those who enroll in the department. The other half of the school day wil be devoted to regular high school courses, one of which must be English. The entire course covers a period of two years, the first years work only being offered this year.

Two groups of girls will be organized for these new courses. One for those who have already had one year of domestic science study and one for those who have not. Any girl in the high school over 14 years of age may apply for admittance to the new department. The course this year for those who have never had any domestic science work at all will consist of the following: English, 5 periods per week; mathematics, 5 periods per week; drawing and design, 3 periods per week; garment making 6 periods per week; applied science, 4 periods per week; food study, 9 periods per week.

The course for those who have had one year of domestic science work will consist of: English, 5 periods per week; mathematics or elective, 5 periods per week; drawing and design, 3 periods per week; garment making, 9 periods per week; applied science, 4 periods per week; housekeeping, household accounts, planning and serving meals, 6 periods per week.

Additional courses offered next year for the second year's work will include: Physiology, hygiene and home nursing; elementary dressmaking; housekeeping and household accounts, planning and serving meals.

All vocational courses are credited toward graduation just as any other courses. It should be borne in mind by all girls who are interested in this type of practical work that these courses are not merely new classes in the high school. They are intended only for those girls who wish to devote one-half of their school time for a period of two years to an earnest study of the problems of homemaking. No fees are to be collected from those who enroll.

There will be a meeting at the High School on Wednesday afternoon, Aug. 27, of all those girls who are interested in this new work. Since there is only room for about 30 students it is necessary that all those interested be present.

## MARYVILLE PEOPLE ATTEND BIG PICNIC AT BARNARD

**L. C. Gabbert of St. Joe, Speaker Today—Dr. Burris Jenkins Tells of League of Nations Yesterday**

A number of Maryville people went to Barnard today to attend the closing day of the picnic. L. C. Gabbert of St. Joseph, who is frequently mentioned as a candidate for congress, was the speaker of the afternoon. He was introduced by Prosecuting Attorney McCaffrey.

Yesterday was a big day at the picnic and a big crowd was in attendance to hear Burris A. Jenkins of Kansas City talk on the League of Nations. The speaker convinced his hearers of the necessity of such a league.

**Dr. Allender Returns.**

Dr. J. C. Allender returned last night from a vacation outing at the Lakes in northeast Minnesota and a visit in Parker's Prairie, Minn., with Mrs. Allender's sister, Mrs. S. B. Saunders. Mrs. Allender, who accompanied him, will return later.

## MARYVILLE PUBLIC SCHOOLS TO OPEN ON SEPTEMBER 1

**Four New Teachers Selected at Meeting Last Night — Janitor and Assistant Also Selected**

The public schools of Maryville will open September 1. This was decided at a meeting of the school board held last night.

Four teachers were selected by the board for the schools for the coming year. Miss Louise Willingham of Lafayette, Ala., was selected as the teacher of history for the high school at a salary of $100 a month. Miss Willingham holds an A. B. degree from the Converse College at Spartenburg, S. C., and taught last year at Lafayette.

Miss Bonnie Miller of Sweet Springs, Mo., was chosen as the Latin teacher for the high school. She is a graduate of Park College, Parkville, and taught last year at Independence, Mo. Her salary will be $100 a month.

Misses Eula Strader of Maryville and Miss Fern Campbell of Barnard were selected as grade teachers at a salary of $65 a month.

Frank Hooper was chosen as janitor of the central school building and H. P. Kiphart as assistant janitor.

## COUNTY FAIR OPENS MONDAY

**TO BE BEST FAIR EVER HELD IN THIS SECTION**

## FAST RACES GUARANTEED

**Free Attractions Are Already Here or En Route—Thirty Applications for Concessions Turned Down**

Final preparations for Nodaway county's greatest fair are being made today. The rail strike has not interfered with the fair in the least, since practically all shipping has come by freight over the Burlington which has been maintaining uninterrupted service or by express. Judge Haney expresses complete satisfaction with the way everything pertaining to the fair is working out.

In addition to the large number of horses already stabled on the ground seven car loads will arrive today and tomorrow. Forty-two horses are now enroute from Malvern, Iowa, one from Fayette and one from Cheyenne, Wyoming. Every stable on the ground is taken up and accommodations are being sought. Without doubt, the best horse races ever held in this part of the state are in store for the Fair goers.

The free attractions are either on the grounds or are on the way. The Flying Wards, the feature attraction, have been here for several days and have their aerial apparatus set up. This attraction is a state fair attraction and no other county fair was able to secure them. Judge Haney was able to contract with them for their last open date.

The McGregor Shows will arrive here tomorrow from St. Joseph. A telegram states that Margaret Hill's Society Circus is enroute here from Sioux City. Everything will positively apear as advertised.

Judge Haney turned away applications for thirty concesions yesterday as it was impossible to take any more room up on the midway, all the space having been reserved long ago.

Hotels are making numerous reservations already for the many out of town attendants.

James Stoikes, Craig, Mo., has been appointed Judge of the Races. His assistants will be L. E. Carpenter and Eulah Drummond, Grant City. W. G. Sawyers has been appointed official Timer. His two assistants are yet to be selected.

**FINDS BILL IN BIRD'S NEST.**

Ligonier, Ind., Aug. 9. — "They're good any place," so when a gleam of green in a robin's nest on the Citizens bank building caught his eye, David Wertsbaug reached up and plucked therefrom a dollar bill. Bank clerks think the bird may be responsible for recent difficulty they had in making their accounts balance.

Mrs. Elmer E. Faris, Mrs. Thana Hope and her granddaughter, Charlotte Welchel, arrived this noon in the Faris car and will spend a few days here, before returning to Fairburg, Neb Mrs. Faris and niece were joined at Corning, Mo., by Mrs. Hope who has been visiting a daughter.

## THE PLAY PROVES BIG DRAWING CARD

**"THE MELTING POT" FILLS EVERY SEAT IN THE BIG TENT**

## FRANK DIXON ADDRESS

**He Tells His Reasons For Opposing Government Ownership and Offers a Substitute**

Probably the biggest crowd of the chautauqua season turned out last night to see Zangwill's world famous drama, "The Melting Pot." Every reserved seat was filled and, in fact, every available seat in the tent was taken. Everyone expressed complete satisfaction with the way the play was presented last night.

A few of those who thought that "The Melting Pot" would be presented by a group of semi-amateurs were disappointed. It was not hard to discern that every character was portrayed by one who was a professional. From the rise of the curtain on the first scene until the fall of the curtain on the last scene the attention of the audience was keut riveted on the stage.

The playing of David Quixano's part by Richard Abbot was above reproach. His rendition of the many solliloquies that David renders in paying tribute to America, the land of opportunity, and to the American flag, was well played.

Nancy Vermell, as Vera Revendal, the leading feminine character, acted her part as a player of ability, and in the same way all the members of the cast handled their roles. Characters in order of their appearance:

Mendel Quixano, a music teacher—Dore Davidson.

Kathleen O'Reffley, servant in Quixano's home—Helen Rapport.

Vera Revendal, a settlement worker—Nancy Vermell.

Frau Quixano, Mendel's mother—Louise Muldener.

David Quixano, Mendel's nephew—Richard Abbott.

Quincy Davenport, Jr., a millionaire—Frank Howson.

Maestro Pappalini, an Italian music master—Henry J. Ochler.

Baroness Revendal, Vera's stepmother—Helen Rappold.

Baron Revendal, Vera's father—St. Clair Bayfield.

Frank Dixon aroused the thoughts of his hearers at his afternoon lecture yesterday when he discussed his reasons for opposing government ownership of the railroads and kindred socialistic propositions. Dixon proved to be a man of firm convictions, one who takes a stand on a proposition, knows why he has taken such a stand and is perfectly willing to show the other fellow where he is wrong.

Dixon opened his lecture with an attack on Bolshevism in America or Socialism, by pointing that it is founded up the theory of destruction of private property and the equalization of the returns of every man for his labor on property owned by the state.

The central thought of his lecture was that government and economics must be separated. They have been separated since the destruction of the feudal estates of Medaevial European times which marked the beginning of the modern industrial revolution.

Four things must be considered in the handling of the railroads. First, railroads must be recognized as monopolies and organized as such. Second, a logical, consistent and comprehensive scheme must be adopted in the regulation of them by the government. Third, the Interstate Commerce commission must be given absolute power to handle the railroads and its members must be appointed for life subject to recall. And fourth, the personnel of the Interstate Commerce Commission must be made up of the ablest business men in the country and receive a salary worth while.

Other propositions to consider in regard to the railroads which he brought out were: First, railroads are not run primarily for their employes, but for the employers and the public as well. Second, government ownership of any business enterprise in the past has proved a failure and government ownership of railroads in the present instance of the United States are colossal financial mistakes. Third, the responsibility of running a business enterprise must be lodged in one man. Everyone owes the government certain duties and obligations in return for which they receive protection. But the government should not enter the economic and individual life of its citizens.

## 2 BOYS DEAD AND 6 HURT WHEN TRAIN HITS AUTO

**Failure to Notice Approaching Train Results in Serious Accident Near Tarkio Last Night**

Huston Nichols, aged 14 years, was instantly killed, and Merril Johnston, 13, died at 1:35 this morning at Tarkio as the result of an auto accident about 7 o'clock last night when a Ford car in which they were riding was struck by a Burlington passenger train near the Bartlett school between Westboro and Tarkio. Ralph Crawford and George Wilfle other occupants of the car were so seriously injured that they were rushed to St. Joseph soon after the accident and Rankin, Martin and Wilfred Bain are suffering painful injuries at their home near Tarkio.

The boys, all between the ages of 13 and 15 were coming towards Tarkio from Westboro and according to the story of Rankin Bain, driver of the car, did not notice the train coming at the crossing. The train was late and the boys thought that it had already passed. The car was completely demolished in the crash.

Frank Greey, a traveling salesman of Maryville, was on the train when the accident occured.

## WILL PROSECUTE FOOD PROFITEERS

**DEPARTMENT OF JUSTICE GIVES ATTENTION TO CASES**

## PALMER TO DIRECT

**Attorney General to Remain in Washington and Have Complete Charge of "Round-up"**

Washington, Aug. 9.—The wholesale prosecution of profiteers as the result of a drive instituted by the department of justice will be started within a few days, it was announced by Attorney General Palmer today. Instructions have been issued to all special agents of the department to discontinue all other operations except of the most urgent character in favor of obtaining evidence against profiteers for the use of the district attorney in the prosecution under the food control act. Palmer will remain in Washington to direct the campaign and to issue whatever special instructions are necessary for the producing of speedy action.

New York, Aug. 9.—Owners of cold storage warehouses were ordered today to transmit a list of the food which they have on hand to the United States District Attorney here before Tuesday.

The president says he is a bit alarmed at the number of speeches he has in his system, undelivered. Usually the alarm begins after the speeches are out.

## QUICK ACTION ON H.C.L. PREDICTED

**EVERY INDICATION THAT CONGRESS WILL EXPEDITE ACTION**

## UNITE THE OPPONENTS

**Realization of Critical Situation in Congress—Capper Supports the President's Recommendations**

Washington, Aug. 9. — There was every indication today that congress would expedite the enactment of the legislation request by the president to bring down the cost of living. Although there was some division apparent in the senate over the recommendations, leaders said that this will be rapidly smoothed out and quick action result.

They were aware that admitted delays in carrying out the president's recommendations in view of the critical situation precipitated by the constantly increasing price of the necessities of life, would not be well received back home.

Senator Capper of Kansas, active representative of the farmers, declared that the president's recommendations were valuable.

Senator Norris of Nevada is still considering the introduction of his measure for the repeal of the food control act and for fixing the price of wheat.

## REAL WAR BALLOON AND WAR VETS HERE MONDAY

**Will Give Exhibition Ascensions Here in Interest of Recruiting Drive—Crew Selected by Commander**

A real war balloon manned by real war vets of the American Expeditionary Force, will visit Maryville Monday and Tuesday in the interest of a recruiting drive for this service.

The company is a part of the Twelfth Balloon Company Motor Convoy and is making a tour of the states of Nebraska, Kansas, Iowa and Missouri.

An invitation was extended to the company to remain in Maryville until Wednesday and give exhibitions at the Fair, but they were unable to do this owing to the schedule which they must follow.

The exact location of the place where the ascensions will be made is being left to the commanding officer of the company, on his arrival here Monday morning.

### Guilford Times.

Good for Guilford!

Say it, people! Don't be bashful; say it loud. Let the other fellow hear you; roar it right out in the crowd. Be a busy, bracing booster; help your town and help yourself, for 'twill surely bring you friendships, it will surely bring you pelf. Every time a good thing happens in or near this bustling town, get right in with

Good for Guilford!

Wear a smile and not a frown. Show your spirit by your actions; cheer your neighbor with your smile; back it up with fair, square dealing. News like that goes many a mile.

Good for Guilford!

Ten times over. Good for you and good for me. While you're living be a live one; other folks will surely see. If you want to growl and grumble, go 'way off, then growl and growl, but be sure no fellow mortal ever hears your mournful howl. Get this thought all through your system, in your action, in your heart: You're a booster or a knocker. Be a booster; do your part. Then when people see or hear you, they will know your style and size; know your spirit, kindness, fairness; for it pays to advertise.

## NODAWAY COUNTY TOWNS

### Burlington Junction Post.

A first-class cafe with modern fixtures and the best of service, is the latest addition promied Burlington Junction business circles. The building occupied by the First National bank has been purchased by W. W. Jones, and as soon as the new home of the bank is completed and the building can be vacated it will be remodeled to meet the requirements of the cafe. It will be conducted by Arch Jones, brother of the purchaser, who is an experienced man. In addition to a cafe Mr. Jones will cater to those having a sweet tooth by handling a high class line of confections.

Thos. Malone injured his hand quite badly Thursday morning while using a circle saw at his carpenter shop. Two of his fingers were almost cut off, but by prompt medical attention they were saved and are healing nicely. Mr. Malone had one special request to make of the physician who dressed the injury, and that was to leave the one good finger out of the bandages so that he could bait a worm when he wished to go fishin'.

Miss Erma Rhodes, daughter of Mr. and Mrs. John E. Rhodes of Burlington Junction, and Mr. Carl Yowell of Cheyenne, Wyo., were married at the home of Rev. Gable, pastor of the Clarinda, Iowa, Methodist church, Monday afternoon. They will make their home in Cheyenne.

Beginning with this issue the Post starts on its fortieth consecutive year. We start off the new fiscal year with a new partner in the business, and it will be the effort of both publishers at all times to get "all the news that's fit to print," and to make the Post the best weekly paper in Northwest Missouri.

Jerry Jones, who was one of Burlington Junction's pioneer citizens, but who has been living in Oklahoma the past twenty years, will return to this place in October to make his home. Mr. Jones has rented his land near Roosevelt, and expects to make this his permanent home.

Walt Schmauder of Dallas, Texas, visited from Friday to Monday with his mother, Mrs. A. M. Schmauder, and his sisters, Miss Bertha Schmauder and Mrs. C. D. Peters. Walt is superintendent of power of the Texas Light and Power company, one of the Lone Star state's largest corporations, and his work takes him to all parts of the country. Recently he made a trip to California and had a short visit with the Maltby families in Long Beach. He was on his way home from New York when he stopped here to visit his mother.

Mr. and Mrs. Jess Suttle and Mr. and Mrs. A. J. McClelland left the first of the week for an extended automobile trip in the West. They will visit Wyoming, Colorado and Idaho, going to Grangeville in the last named state to visit the Johnston, Hiles and Woods families. They are taking a full camping equipment with them and expect to be gone two months or longer.

Fred Bever and family, who have been making their home at Boulder, Colo., for some time, will return to Burlington Junction within the next two weeks. Fred is very much improved in health and is no doubt anxious to get back to his fine farm northeast of town. They have rented the W. E. Nichols property in the north part of town and will live there for the present.

Fire of unknown origin destroyed a small barn and chicken house belonging to Mrs. Wm. Hobbs on Roseberry avenue Tuesday evening about 7 o'clock. The barn was insured for $100 with the Farmers Mutual Insurance Co. of this place. It is estimated that it will cost about $200 to replace it.

### Skidmore News.

Rev. C. H. Sauceman, pastor of the Burr Oak, Minnesota Valley and Salem cchurches, left Tuesday morning for Baldwin, Kansas, to attend a summer school for rural ministers.

Mrs. C. W. Brown became seriously ill Wednesday evening and it was deemed necessary by the attending physician that she be taken to a hospital at once. Accordingly, she was taken to St. Joseph that night in an automobile.

Maurice Thompson, who has been at his former home at Lancaster, Ky., since his discharge from army service May 15th, together with his wife and son, Stewart, and his mother, arrived in Skidmore Saturday evening. Maurice and his family will make their home here and until they can secure a place to move into are staying at the home of his brother, Charley Thompson.

John Barrett, Sr., who has been in very poor health for several months was taken to the hospital in Maryville a few days ago for treatment and on Wednesday morning of this week was operated upon and aside from the removal of several gall stones other troubles were treated. Reports from the hospital this morning are to the effect that he rested very well during the night.

The condition of Dave Mitchell has so improved that he is able to sit up some at present.

Burr Oak Stock Farms will exhibit nine fine, fat, slick thoroughbred Shorthorns in the show rings at the Missouri State Fair at Sedalia which begins August 9 and closes August 16. The proprietors of these farms, Barber & Son, also contemplate entering these animals at the Iowa State Fair. These cattle were shipped to Sedalia Tuesday.

For the first time in four years, Rev. Buel Horn is spending a two weeks' vacation visiting with his parents, Mr. and Mrs. M. P. Horn, and with his brothers and sisters here and at other points in Northwest Missouri Since his graduation from Northwestern University three years ago, Buel (as we know him) has held the pastorate of the M. E. church at Colfax, Indiana.

### Barnard Bulletin.

Word has been received that Lieut. Chas. Hoshor will start home from overseas about Aug. 5. Hoshor has been attending an officers training school and received his commission before the armistice was signed.

Real work on repairing the school house and decorating the rooms began Monday. The work is being done by Mr. Royston of Graham. All the rooms and hall of the old school building will be painted and kalsomined and the blackboards repainted and put in first class condition. The estimated cost of the repairing and decorating is over $500.

Mrs. Frankie Gittinger and three children, Price, Dorothy and John, came a week ago last Friday from Norman, Okla., to visit her parents, Mr. and Mrs. Price. She will remain here for about six weeks. Mr. Gittinger, who is dean of the University of Oklahoma, will come for a short visit about the time of the picnic.

Harry Goff took a position in Kansas City Monday with the L. B. Price Mercantile company and is now with that firm. Harry recently returned from overseas and has been dickering for a good job.

### Hopkins Journal.

James George and A. C. Allen returned this week with their cattle they had been exhibiting at the Bedford fair, Mr. Allen having the white faces and Mr. George the Holstein. Mr. George won four first and two seconds and Mr. Allen four firsts and two seconds. The men, besides the ribbons and advertising, received $118 in cash, which will more than pay the expense of taking the cattle to the fair, the two men taking but twelve head to exhibit. Mel Sheley, another Hopkins man, is feeling good, having received six firsts and four seconds on corn and vegetables at the fair.

As fish and corn stories are ripe, Wayne Davidson from west of town called yesterday to say that he believed he had a corn story that is hard to beat and the best part of it, the story should be true, as it is vouched for by a minister of the gospel who helped Wayne during the rush of farm work. This particular piece of corn is on rich bottom ground, and one day in June the minister was sent to plow it, but returned to the house having found the corn waist high and too tall to plow. He and Wayne went out after dinner of the same day and found the corn tasseling, and when they went to the field that evening to see how things were progressing they found roasting ears. The ears are now so large that it will require two men to load them into wagons at gathering time.

Prof. and Mrs. Emmett T. Miller and Mr. and Mrs. H. C. Shearer left Monday overland for a month's vacation and outing in Colorado. They expect to spend most of their time in the mountains and will visit Cheyenne, Fort Colins, Loveland, Greeley, Denver, Boulder, Estes Park, Colorado Springs and Pueblo.

Sam Robbins and family returned Tuesday from an overland trip to Colorado made in their new Buick Six, reporting a fine time. They "went some" coming home, leaving Loveland Sunday afternoon at two o'clock and arriving here about six o'clock Tuesday evening. Sam has some high fish stories, claiming to have caught 85 in one day, and there is nothing stronger than two per cent in Colorado, either.

Harry McIntire, who has been with the army of occupation in Germany, arrived home Saturday and is mighty glad to get back. He is not backward in expressing himself as to the inefficiency of the war department and heartily endorses the sentiment expressed by General Sherman in saying, "war is hell. His brothers, Ed and Charley, of Vancouver, B. C., have left that city in a car headed for Hopkins, deciding to come as soon as they heard of the return of their brother to the states.

Ed Brown and wife expect to leave next week for the west and will visit the coast before returning. They will go by rail—that is, if the cars are running, the strike now making things uncertain.

Mrs. James W. Shelton of Kansas City will arrive tonight for a visit with Mr. and Mrs. Cooper Gooden and other friends and relatives.

## RAILROAD LABOR OPPOSED TO VIOLENT TACTICS

**Heads of Fifteen Railroad Workers' Unions Announce Policy In Signed Statement**

Washington, Aug 9.—Organized railroad labor has no desire to impress on the public by violence or threats the proposal that the railroads be nationalizer under a tri-party control, it was announced today in a statement signed by the heads of the fifteen railroad labor unions. The statement was explained to prevent any misunderstanding as to labor's policy in the nationization program. It was prompted by Wilson's assertion in his address to Congress that the leaders of organized labor will presently yield to a sober second, thought, and see that strikers will be certain to make matters worse for themselves, and that threats upon the interest of a single class to make settlement would be impossible.

## MRS. YEOMANS FALLS LAST NIGHT, FRACTURING HIP

**Accident Occurs at Hopkins—She Was Removed to the St. Francis Hospital This Morning**

Mrs. S. J. Yeomans, mother of Fred J. Yeomans, who was formerly county clerk, was seriously injured last night at Hopkins. In a fall she fractured her hip so that she had to be removed to the St. Francis hospital this morning. Because of her advanced age, being 77 years old, the fracture is dangerous and she suffers considerably. Her physician reports that, despite everything, she is resting as well as can be expected.

Mrs. Anna Basford went to St. Joseph this afternoon to spend a week visiting her sisters, Mrs. L. J. Doran and Mrs. L. Drumm.

# Who Profiteers?

The accompanying telegram, published in the Maryville papers Wednesday, may be partially true—but YOU KNOW IT IS NOT ALL TRUE.

**FIND PROFITEERS IN SHOE INDUSTRY**

**Federal Trade Commission Investigation Reveals Excessive Profits Have Been Made by all Shoe Interests**

Washington, Aug. 6.—The present high cost of shoes is entirely unjustifiable. This is the finding of the federad trade commission to be submitted to Congress following an investigation of the activities of packers, tanners, manufacturers, and retailers during the period from 1914 to 1919, it was announced today.

The report of the commission shows a succession of profiteering down the line. The commission found, according to report, that one of the Lamar packers controlling the supply has taken successive profits, and has passed the increased costs to subsequent steps in the manufacturer and distributor. Two tanners have made excessive profits. Three manufacturers have taken unusual margins. Four prices were charged by the retailer as unjustifiable, each factor in the industry having added to the burden he had to bear, just before it was passed on to the next.

The price of shoes is no higher than other commodities, including farm produce, and when workmen have to pay twice as much for what they eat, they have to have more wages and of course the things they make have to be sold for more money.

But of course you know that a small country store could not regulate prices—the only way we can keep prices down is by taking off our profit and that would not make much difference.

However WE DO SELL FOR LESS THAN THE BIG CITY SHOE STORES.

We are actually duplicating shoes sold in the city at 10 to 25 per cent less money.

How do we do it—our expenses are a little less, of course, but the big item is WE DON'T MAKS AS MUCH PROFIT.

In other words this store is not profiteering. We are enjoying an excellent trade because we sell good shoes at reasonable prices, and if we make money it is by honest dealing, because we expect to do business here for a long time with the same customers we have been selling for years.

# Stop and Think

For one moment why you stay in the East, and pay big interest or high rent when you can go west and soon own a farm of your own.

The West offers greater opportunities to any man than the East and especially to the poor man or man of reasonable means. I started in this land business last fall and have made a success of it by doing an honest business and by selling on reasonable commissions. My business has grown until I have had to have a partner, so Mr. Newt Morgan of Parnell, Mo., is going in with me. I have sold three thousand six hundred acres of land; have just closed a deal on one thousand and fifty acres at forty-five thousand dollars.

This has been the dryest year ever known to the oldest settlers and yet it is wonderful to see what crops we have raised. Most of the corn will make 20 to 30 bushels to the acre. We have had plenty of rain since the third of July and all late crops will be good. I am located at Carpenter, Wyo., in the southeastern corner of the State and have lots of land listed with me for sale now. I have farms of all sizes from one hundred acre farms to five thousand acre ranches and I know I can save any man money that wants to buy a farm or ranch. So don't fail to see me before buying. I have sold eleven thousand six hundred dollars worth of hogs since last October. I fattened them from the corn that I raised last year on one hundred and thirty-five acres. My last car load of sixty-two head brought four thousand and two dollars. I now have nine hundred and sixty acres of land. When I left Maryville, Mo., three years ago last October I was not worth five hundred dollars, today I am worth at least twelve thousand dollars. Now judge for yourself whether this is a good country to make money in or not. Then come and have a talk with me at the Nodaway County Fair and see samples of what we have raised this year, then make up your mind to come back with me and buy a farm or ranch and you will make the best move that you ever made in your life. For further information se me at the Fair August 11 to 16.

**Entertained at Chautauqua.**

Mr. and Mrs. Fred Robinson entertained six William Woods students, who are leaving next week after attending the summer term at the State Teachers College, at the Chautauqua last night, when Zangwill's "Melting Pot" was the attraction. Refreshments were enjoyed at the New York Candy Kitchen after the performance. The guests were Misses Harriett Jones, Alma Machin, Dorothy Penisten, Ruth Burnham, Frances Rouse and Fay Luallin.

**Property Changes Hands.**

L. R. Holt sold his residence and five acre tract in north Maryville yesterday to John White, the consideration being $10,000. The deal was made through the Wallace Brothers Land Co.

Mr. White recently sold his farm west of Maryville. He expects to move into his new residence about March 1.

## 30,000 RAIL SHOPMEN RETURN TO THEIR JOBS

Chicago, Aug. 9.—J. D. Sanders, secretary of the Chicago district of the Union of railroad shipment on strike wired President Wilson today regretting to inform him that "the present attitude of our men on strike remains unchanged."

Chicago, Aug. 9.—Report reaching union headquarters here today indicate that thirty thousand of the forty thousand striking railway shopmen have returned to work, following the statement of the president that their wage increase demands would not be considered until they had resumed work. As a result, railway officials were arranging to resume the running of a number of local passenger trains which have been suspended since last Thursday night.

## APPEARANCE OF ARMY AIRPLANE TODAY IN DOUBT

**Accident to Plane at Red Oak, Iowa, Yesterday Caused a "Hitch" in the Schedule**

Superintendent Schultz of the chautauqua announced late this afternoon that he was not able to state definitely when the airplane would show here.

Lieutenant Milo Mills, former aviation instructor at Kelly Field, Texas, and pilot of the regular chautauqua flight machine suffered a mishap yesterday afternoon at Red Oak, Iowa. His machine struck some telegraph wires and was completely demolished. Owing to the accident the scheduled appearance of the airman here today is in doubt.

Major R. C. Bridgman, an American ace, who was a junior at Yale when he enlisted in the LaFayette Escadrille of France at the beginning of the great world war, and later was transferred to the American army, where he downed eight Hun planes, told this afternoon at chautauqua of the "Romance of Flying."

Major Bridgman is not an orator, but he tells in a simple, soldierly manner the actual experiences of the army airman.

**A Business College.**

Did you ever have anyone tell you that you could finish a complete business course in six to eight weeks? If you did don't believe it. That kind of a course will fit you only for a six to eight week job. Your employer will want someone who had had broad enough training to do the work he has to do. The splendid course that Palmer College at Albany, Mo., gives will fit you for such a position. It gives it at a very reasonable cost. It is a pleasure to go to school at Palmer. Its surroundings are beautiful and healthful. Its social life is clean and uplifting. its equipment is fine. Then why not Palmer? 9 adv.

# It's Even Cheaper

If you could do your washing just as cheap with an electric washer as you could a hand washer, it would pay you to change because of the amount of labor saved. But if you can do your washing cheaper in addition to this saving of labor, you should by all means have an electric washer. For five or ten cents a week you can do your washing electrically. An electric washer is positive and steady in action thus washing clean without jerking, pulling and tearing the clothes. The wringers and washers are easily controlled, and it is possible to reverse the wringer instantly, making it safe and very easy on the clothes.

All mechanical parts of the washer is covered so there is no danger of catching clothing or getting oil on the clothes.

Come in and investigate the merits of an electric washer.

## PRESIDENT CALLS

(Continued from page 1)

country for the party's manifest dereliction on not tackling some of the big problems at once.

When the president stretched his hand across the Atlantic and welcomed the lawmakers in May—after Republicans had assailed him with vigor for not calling the session sooner—he made plain that the prime duty of congress was to busy itself in solving some post-bellum problems of a domestic nature, which could not be long deferred.

Republicans agreed. But they made no real progress toward solution. They have worked now ten weeks or more, and they have made no real headway. And the belief is quite generally expressed that they will not do any better in the next ten weeks.

**Can't Work Together.**

This may puzzle those earnest folks of the country who are not on the spot to catch the drift of things. But the truth is the party controlling congress is divided fundamentally into two schools—the stand-patters and the progressives. There are wide gaps between them on all important subjects. When they will get together or how is an enigma the leaders have worried about for days and nights. But they canot bring together the conflicting opinions of the two groups. It is an imposible task. The leaders virtually gave up.

The decision to adjourn was a tacit admission of this. Now with the president compelling them to face the music and fight it out, it looks as if the most disagreeable task the Republican party ever had is just ahead of it. And with the leadership completely in stand-pat hands it looks as if the progressives, a number of whom are downright anxious to help their country first and their party next, will have to enter a long period of intramural warfare before they can expect to make the way clear for doing some little good for their country.—St. Joseph Observer.

## REFUSE TO WITHDRAW POLICE FROM CHICAGO YARDS

**Union Officials Say That Officers Must Be Withdrawn Before Men Return—Threaten General Strike**

Chicago, Aug. 9.—Chief of Police Garrity, at a conference today with union leaders of striking stockyards employees, refused to grant their demands that the police and special deputies be withdrawn from the yards.

Chicago, Aug. 9.—Officials of the packing house employes union met today with Chief of Police Garrity to present formally for the first time the demands that the special police deputies assigned to the riot zone since the start of the riots be withdrawn before they will call off their strike. Unless their demands are met the union officials say that between thirty and forty thousand workers will be on strike before night, and the packing plants will be compelled to close completely. The packing house representatives estimate the number of men and women out at ten thousand.

# And the Pebbles Were Diamonds!

The farmers of Kimberly were dissatisfied. They said they couldn't make a living from their farms. And all the time their children in the fields were playing with diamonds.

But they didn't know. They thought they were pebbles. They died poor.

Lots of people are just like those Kimberly farmers. They look for opportunity with a telescope, in some far-away place, when it is really so close that they could reach out their hands and grasp it.

## CHAUTAUQUA AGAIN ASSURED THE CITY

ENOUGH GUARANTORS SIGN THE CONTRACT FOR NEXT YEAR.

## THE "KIDDIES" TONIGHT

**Miss Tod Wright Says It Will Be the Best Pageant that She Has Given In Junior Chautauqua Work.**

Program Sunday..

2:30 p. m.—A Story of Overseas Red Cross Nurse, Mary K. Nelson.

4.00 p. m.—Vesper Service.

8.30 p. m.—Entertainment, Ralph Bingham.

9:15 p. m.—Lecture, "A Message from Mesopotamia," Raphael Emanuel.

Superintendent Schulz of the Redpath-Vawter Bureau stated today that Maryville will have a return engagement of this year's Chautauqua. More than the minimum number of guarantors have signed up but it is hoped to get more business and professional men to go on the guarantee. The same high class entertainment of this year and better will characterize next year's program. The tickets will sell for twenty-five cents more than they did this year.

Tonight the "kiddies" will entertain with their little pageant, "The Magic Piper." They, sixty-five of them, have been practicing for this pageant the past five days and Miss Tod Wright, Supervisor of Junior Chautauqua announces that the pageant tonight will be the best she has supervised this season. The reason for this is, she says, "The children of Maryville fully met and surpassed my expectations."

The childrens' pageant will begin at 8:30 tonight and will last fifteen minutes. All those participating will be in costume, representing the piper, the parents, the lame boy, rats, cats, dogs, and other animals which are led to follow the magic music.

Childrens' hour this morning lasted for two hours. One hour was given to rehearsing the little pagenat and the other is taken up with games and stories. If you doubt that the young people enjoy the time spent together in this way, you should attend their meetings and watch their happy interest and dancing eyes as they play and work.

Miss Wright says that credit is due to her three assistants who have helped her in her work. Miss Mary Condon and Miss Helen Dean have worked with her in entertaining the children and Miss Annie Marie Price has acted as pianist.

The cast of characters as originally chosen will appear tonight with the exception of one member. Frank Hartness will take the part of the lame boy which was first given to Leroy Fisher.

The cast for "The Magic Piper" tonight will be:

The Mayor—Clyde Gibson.

The Piper—Fred Ferguson.

The Speakers—Doris Wallace, Mary Dona Mallotte.

The Lame Boy—Frank Hartness.

The Gossips—Marion Catterson, Olive Ewing.

The remainder of the sixty-five characters will be rats, cats, dogs, and other characters.

Tomorrow the last day of the chautauqua will be marked by one of the best programs of the week.

Ralph Bingham, known as the laugh master, is the feature attraction, and wil give an entertainment at 8:30 p. m. He wil be followed by a lecture by Raphael Emmanuel, who will give a "Message From Mesopotamia."

Mary A. Nesbon, an overseas Red Cross nurse, will speak at 2:30 tomorrow afternoon, the subject of her address being, "The Story of an Overseas Red Cross Nurse."

## PRESIDENT CALLS THE G.O.P. HAND

ORDER TO REMAIN IN SESSION COMES AS BLOW TO LEADERS

## DIVIDED ON ALL ISSUES

**Stand-pats and Progressives Engage in Internal Warfare at the Expense of National Legislation**

Congressman Charles F. Booher reached here Tuesday, being called home on a matter that demanded his personal attention. He will be at home for a few days until the matter in hand is completed, after which he will return to his post of duty at the national capital.

Congresman Booher looks well, but is, as the old saying goes, "dead tired," the past ten weeks which he has spent at the capital being the hottest ever known in that city of hot affairs, and the temperature has caused much discomfort to the members of the two houses. When he left on Sunday there was no prospect of relief held out for the torrid temperature.

Mr. Booher is far from pleased with the work accomplished by the special session so far, as but little has been accomplished, the Republican majority in both houses having devoted all of the time to either dodging legislation, fighting the president in what he desires or fighting among themselves. They had at last gotten themselves in such a deuce of a fix that they were getting nowhere at all when their leaders, seeking to hold the eyes of the people, thought that they saw a way out of the difficulty by adjourning and there is just where they missed it—for President Wilson called their hand and knocked out their five weeks vacation.

**Makes Duty Plain.**

And the stand-pat steering committee hasn't recovered yet. It will probably be several days before the members give pronouncement to any definite program of legislation. In the meantime, however, every possible political refuge is being resorted to in an effort to square the party with the

## PRACTICAL HOME COURSE FOR M.H.S.

NEW COURSE TO TRAIN GIRLS FOR HOUSEHOLD DUTIES

## CALL MEETING AUG. 27

**All Students Interested Asked to Meet at High School at That Time—A Two Year Course**

The new department of vocation home economics, established under the federal Smith-Hughes act, will be open to girls of the Maryville High School at the opening of school this fall. This course is intended to train girls for home making as practiced by wife and mother in the home. Particular attention will be given to such subjects as; the care of the house; the purchase of food and the preparation of meals; the purchase making; care and repair of clothing; the care of the health of the family; the care and training of the children; the care of th sick; the planning of the family budget, etc. One-half of the entire school day will be devoted to regular high by those who enroll in the department. The other half of the school day wil be devoted to regular high school courses, one of which must be English. The entire course covers a period of two years, the first years work only being offered this year.

Two groups of girls will be organized for these new courses. One for those who have already had one year of domestic science study and one for those who have not. Any girl in the high school over 14 years of age may apply for admittance to the new department. The course this year for those who have never had any domestic science work at all will consist of the following: English, 5 periods per week; mathematics, 5 periods per week; drawing and design, 2 periods per week; garment making 6 periods per week; applied science, 4 periods per week; food study, 9 periods per week.

The course for those who have had one year of domestic science work will consist of: English, 5 periods per week; mathematics or elective, 5 periods per week; drawing and design, 3 periods per week; garment making, 9 periods per week; applied science, 4 periods per week; housekeeping, household accounts, planning and serving meals, 6 periods per week.

Additional courses offered next year for the second year's work will include: Physiology, hygiene and home nursing; elementary dressmaking; housekeeping and household accounts, planning and serving meals.

All vocational courses are credited toward graduation just as any other courses. It should be borne in mind by all girls who are interested in this type of practical work that these courses are not merely new classes in the high school. They are intended only for those girls who wish to devote one-half of their school time for a period of two years to an earnest study of the problems of homemaking. No fees are to be collected from those who enroll.

There will be a meeting at the High School on Wednesday afternoon, Aug. 27, of all those girls who are interested in this new work. Since there is only room for about 30 students it is necessary that all those interested be present.

## MARYVILLE PEOPLE ATTEND BIG PICNIC AT BARNARD

**L. C. Gabbert of St. Joe, Speaker Today—Dr. Burris Jenkins Tells of League of Nations Yesterday**

A number of Maryville people went to Barnard today to attend the closing day of the picnic. L. C. Gabbert of St. Joseph, who is frequently mentioned as a candidate for congress, was the speaker of the afternoon. He was introduced by Prosecuting Attorney McCaffrey.

Yesterday was a big day at the picnic and a big crowd was in attendance to hear Burris A. Jenkins of Kansas City talk on the League of Nations. The speaker convinced his hearers of the necessity of such a league.

**Dr. Allender Returns.**

Dr. J. C. Allender returned last night from a vacation outing at the Lakes in northeast Minnesota and a visit in Parker's Prairie, Minn., with Mrs. Allender's sister, Mrs. S. B. Saunders. Mrs. Allender, who accompanied him, will return later.

## MARYVILLE PUBLIC SCHOOLS TO OPEN ON SEPTEMBER 1

**Four New Teachers Selected at Meeting Last Night — Janitor and Assistant Also Selected**

The public schools of Maryville will open September 1. This was decided at a meeting of the school board held last night.

Four teachers were selected by the board for the schools for the coming year. Miss Louise Willingham of Lafayette, Ala., was selected as the teacher of history for the high school at a salary of $100 a month. Miss Willingham holds an A. B. degree from the Converse College at Spartenburg, S. C., and taught last year at Lafayette.

Miss Bonnie Miller of Sweet Springs, Mo., was chosen as the Latin teacher for the high school. She is a graduate of Park College, Parkville, and taught last year at Independence, Mo. Her salary will be $100 a month.

Misses Eula Strader of Maryville and Miss Fern Campbell of Barnard were selected as grade teachers at a salary of $65 a month.

Frank Hooper was chosen as janitor of the central school building and H. P. Kiphart as assistant janitor.

## COUNTY FAIR OPENS MONDAY

TO BE BEST FAIR EVER HELD IN THIS SECTION

## FAST RACES GUARANTEED

**Free Attractions Are Already Here or En Route—Thirty Applications for Concessions Turned Down**

Final preparations for Nodaway county's greatest fair are being made today. The rail strike has not interfered with the fair in the least, since practically all shipping has come by freight over the Burlington which has been maintaining uninterrupted service or by express. Judge Haneey expresses complete satisfaction with the way everything pertaining to the fair is working out.

In addition to the large number of horses already stabled on the ground seven car loads will arrive today and tomorrow. Forty-two horses are now enroute from Malvern, Iowa, one from Fayette and one from Cheyenne, Wyoming. Every stable on the ground is taken up and accommodations are being sought. Without doubt, the best horse races ever held in this part of the state are in store for the Fair goers.

The free attractions are either on the grounds or are on the way. The Flying Wards, the feature attraction, have been here for several days and have their aerial apparatus set up. This attraction is a state fair attraction and no other county fair was able to secure them. Judge Hanecy was able to contract with them for their last open date.

The McGregor Shows will arrive here tomorrow from St. Joseph. A telegram states that Margaret Hill's Society Circus is enroute here from Sioux City. Everything will positively apear as advertised.

Judge Hanecy turned away applications for thirty concesions yesterday as it was impossible to take any more room up on the midway, all the space having been reserved long ago.

Hotels are making numerous reservations already for the many out of town attendants.

James Stoikes, Craig, Mo., has been appointed Judge of the Races. His assistants will be L. E. Carpenter and Eulah Drummond, Grant City. W. G. Sawyers has been appointed official Timer. His two assistants are yet to be selected.

**FINDS BILL IN BIRD'S NEST.**

Ligonier, Ind., Aug. 9. — "They're good any place," so when a gleam of green in a robin's nest on the Citizens bank building caught his eye, David Wertsbaug reached up and plucked therefrom a dollar bill. Bank clerks think the bird may be responsible for recent difficulty they had in making their accounts balance.

Mrs. Elmer E. Faris, Mrs. Thana Hope and her granddaughter, Charlotte Welchel, arrived this noon in the Faris car and will spend a few days here, before returning to Fairburg, Neb. Mrs. Faris and niece were joined at Corning, Mo., by Mrs. Hope who has been visiting a daughter.

## THE PLAY PROVES BIG DRAWING CARD

"THE MELTING POT" FILLS EVERY SEAT IN THE BIG TENT

## FRANK DIXON ADDRESS

**He Tells His Reasons For Opposing Government Ownership and Offers a Substitute**

Probably the biggest crowd of the chautauqua season turned out last night to see Zangwill's world famous drama, "The Melting Pot." Every reserved seat was filled and, in fact, every available seat in the tent was taken. Everyone expressed complete satisfaction with the way the play was presented last night.

A few of those who thought that "The Melting Pot" would be presented by a group of semi-amateurs were disappointed. It was not hard to discern that every character was portrayed by one who was a professional. From the rise of the curtain on the first scene until the fall of the curtain on the last scene the attention of the audience was keut riveted on the stage.

The playing of David Quixano's part by Richard Abbot was above reproach. His rendition of the many solliloquies that David renders in paying tribute to America, the land of opportunity, and to the American flag, was well played.

Nancy Vermell, as Vera Revendal, the leading feminine character, acted her part as a player of ability, and in the same way all the members of the cast handled their roles. Characters in order of their appearance:

Mendel Quixano, a music teacher—Dore Davidson.

Kathleen O'Reilley, servant in Quixano's home—Helen Rapport.

Vera Revendal, a settlement worker—Nancy Vermell.

Frau Quixano, Mendel's mother—Louise Muldener.

David Quixano, Mendel's nephew—Richard Abbott.

Quincy Davenport, Jr., a millionaire—Frank Howson.

Maestro Pappalini, an Italian music master—Henry J. Ochler.

Baroness Revendal, Vera's stepmother—Helen Rappold.

Baron Revendal, Vera's father—St. Clair Bayfield.

Frank Dixon aroused the thoughts of his hearers at his afternoon lecture yesterday when he discussed his reasons for opposing government ownership of the railroads and kindred socialistic propositions. Dixon proved t be a man of firm convictions, one who takes a stand on a proposition, knows why he has taken such a stand and is perfectly willing to show the other fellow where he is wrong.

Dixon opened his lecture with an attack on Bolshevism in America or Socialism, by pointing that it is founded up the theory of destruction of private property and the equalization of the returns of every man for his labor on property owned by the state.

The central thought of his lecture was that government and economics must be separated. They have been separated since the destruction of the feudal estates of Medaevial European times which marked the beginning of the modern industrial revolution.

Four things must be considered in the handling of the railroads. First, railroads must be recognized as monopolies and organized as such. Second, a logical, consistent and comprehensive scheme must be adopted in the regulation of them by the government. Third, the Interstate Commerce commission must be given absolute power to handle the railroads and its members must be appointed for life subject to recall. And fourth, the personnel of the Interstate Commerce Commission must be made up of the ablest business men in the country and receive a salary worth while.

Other propositions to consider in regard to the railroads which he brought out were: First, railroads are not run primarily for their employes, but for the employers and the public as well. Second, government ownership of any business enterprise in the past has proved a failure and government ownership of railroads in the present instance of the United States are colossal financial mistakes. Third, the responsibility of running a business enterprise must be lodged in one man. Everyone owes the government certain duties and obligations in return for which they receive protection. But the government should not enter the economic and individual life of its citizens.

## 2 BOYS DEAD AND 6 HURT WHEN TRAIN HITS AUTO

**Failure to Notice Approaching Train Results in Serious Accident Near Tarkio Last Night**

Huston Nichols, aged 14 years, was instantly killed, and Merril Johnston, 13, died at 1:35 this morning at Tarkio as the result of an auto accident about 7 o'clock last night when a Ford car in which they were riding was struck by a Burlington passenger train near the Bartlett school between Westboro and Tarkio. Ralph Crawford and George Wilfle other occupants of the car were so seriously injured that they were rushed to St. Joseph soon after the accident and Rankin, Martin and Wilfred Bain are suffering painful injuries at their home near Tarkio.

The boys, all between the ages of 13 and 15 were coming towards Tarkio from Westboro and according to the story of Rankin Bain, driver of the car, did not notice the train coming at the crossing. The train was late and the boys thought that it had already passed. The car was completely demolished in the crash.

Frank Green, a traveling salesman of Maryville, was on the train when the accident occured.

## WILL PROSECUTE FOOD PROFITEERS

DEPARTMENT OF JUSTICE GIVES ATTENTION TO CASES

## PALMER TO DIRECT

**Attorney General to Remain in Washington and Have Complete Charge of "Round-up"**

Washington, Aug. 9.—The wholesale prosecution of profiteers as the result of a drive instituted by the department of justice will be started within a few days, it was announced by Attorney General Palmer today. Instructions have been issued to all special agents of the department to discontinue all other operations except of the most urgent character in favor of obtaining evidence against profiteers for the use of the district attorney in the prosecution under the food control act. Palmer will remain in Washington to direct the campaign and to issue whatever special instructions are necessary for the producing of speedy action.

New York, Aug. 9.—Owners of cold storage warehouses were ordered today to transmit a list of the food which they have on hand to the United States District Attorney here before Tuesday.

## UNITE THE OPPONENTS

**Realization of Critical Situation in Congress—Capper Supports the President's Recommendations**

Washington, Aug. 9. — There was every indication today that congress would expedite the enactment of the legislation request by the president to bring down the cost of living. Although there was some division apparent in the senate over the recommendations, leaders said that this will be rapidly smoothed out and quick action result.

They were aware that admitted delays in carrying out the president's recommendations in view of the critical situation precipitated by the constantly increasing price of the necessities of life, would not be well received back home.

Senator Capper of Kansas, active representative of the farmers, declared that the president's recommendations were valuable.

Senator Norris of Nevada is still considering the introduction of his measure for the repeal of the food control act and for fixing the price of wheat.

## REAL WAR BALLOON AND WAR VETS HERE MONDAY

**Will Give Exhibition Ascensions Here in Interest of Recruiting Drive—Field Selected by Commander**

A real war balloon manned by real war vets of the American Expeditionary Force, will visit Maryville Monday and Tuesday in the interest of a recruiting drive for this service.

The company is a part of the Twelfth Balloon Company Motor Convoy and is making a tour of the states of Nebraska, Kansas, Iowa and Missouri.

An invitation was extended to the company to remain in Maryville until Wednesday and give exhibitions at the Fair, but they were unable to do this owing to the schedule which they must follow.

The exact location of the place where the ascensions will be made is being left to the commanding officer of the company, on his arrival here Monday morning.

### Guilford Times.

Good for Guilford!

Say it, people! Don't be bashful; say it loud. Let the other fellow hear you; roar it right out in the crowd. Be a busy, bracing booster; help your town and help yourself, for 'twill surely bring you friendships, it will surely bring you pelf. Every time a good thing happens in or near this hustling town, get right in with

Good for Guilford!

Wear a smile and not a frown. Show your spirit by your actions; cheer your neighbor with your smile; back it up with fair, square dealing. News like that goes many a mile.

Good for Guilford!

Ten times over. Good for you and good for me. While you're living be a live one; other folks will surely see. If you want to growl and grumble, go 'way off, then growl and growl, but be sure no fellow mortal ever hears your mournful howl. Get this thought all through your system, in your action, in your heart: You're a booster or a knocker. Be a booster; do your part. Then when people see or hear you, they will know your style and size; know your spirit, kindness, fairness; for it pays to advertise.

### Burlington Junction Post.

A first-class cafe with modern fixtures and the best of service, is the latest addition promied Burlington Junction business circles. The building occupied by the First National bank has been purchased by W. W. Jones, and as soon as the new home of the bank is completed and the building can be vacated it will be remodeled to meet the requirements of the cafe. It will be conducted by Arch Jones, brother of the purchaser, who is an experienced man. In addition to a cafe Mr. Jones will cater to those having a sweet tooth by handling a high class line of confections.

Thos. Malone injured his hand quite badly Thursday morning while using a circle saw at his carpenter shop. Two of his fingers were almost cut off, but by prompt medical attention they were saved and are healing nicely. Mr. Malone had one special request to make of the physician who dressed the injury, and that was to leave the one good finger out of the bandages so that he could bait a worm when he wished to go fishin'.

Miss Erma Rhodes, daughter of Mr. and Mrs. John E. Rhodes of Burlington Junction, and Mr. Carl Yowell of Cheyenne, Wyo., were married at the home of Rev. Gable, pastor of the Clarinda, Iowa, Methodist church, Monday afternoon. They will make their home in Cheyenne.

Beginning with this issue the Post starts on its fortieth consecutive year. We start off the new fiscal year with a new partner in the business, and it will be the effort of both publishers at all times to get "all the news that's fit to print," and to make the Post the best weekly paper in Northwest Missouri.

Jerry Jones, who was one of Burlington Junction's pioneer citizens, but who has been living in Oklahoma the past twenty years, will return to this place in October to make his home. Mr. Jones has rented his land near Roosevelt, and expects to make this his permanent home.

Walt Schmander of Dallas, Texas, visited from Friday to Monday with his mother, Mrs. A. M. Schmauder, and his sisters, Miss Bertha Schmauder and Mrs. C. D. Peters. Walt is superintendent of power of the Texas Light and Power company, one of the Lone Star state's largest corporations, and his work takes him to all parts of the country. Recently he made a trip to California and had a short visit with the Maltby families in Long Beach. He was on his way home from New York when he stopped here to visit his mother.

Mr. and Mrs. Jess Suttle and Mr. and Mrs. A. J. McClelland left the first of the week for an extended automobile trip in the West. They will visit Wyoming, Colorado and Idaho, going to Grangeville in the last named state to visit the Johnston, Hiles and Woods families. They are taking a full camping equipment with them and expect to be gone two months or longer.

Fred Bever and family, who have been making their home at Boulder, Colo., for some time, will return to Burlington Junction within the next two weeks. Fred is very much improved in health and is no doubt anxious to get back to his fine farm northeast of town. They have rented the W. E. Nichols property in the north part of town and will live there for the present.

Fire of unknown origin destroyed a small barn and chicken house belonging to Mrs. Wm. Hobbs on Roseberry avenue Tuesday evening about 7 o'clock. The barn was insured for $100 with the Farmers Mutual Insurance Co. of this place. It is estimated that it will cost about $200 to replace it.

### Skidmore News.

Rev. C. H. Sauceman, pastor of the Burr Oak, Minnesota Valley and Salem churches, left Tuesday morning for Baldwin, Kansas, to attend a summer school for rural ministers.

Mrs. C. W. Brown became seriously ill Wednesday evening and it was deemed necessary by the attending physician that she be taken to a hospital at once. Accordingly, she was taken to St. Joseph that night in an automobile.

Maurice Thompson, who has been at his former home at Lancaster, Ky., since his discharge from army service May 15th, together with his wife and son, Stewart, and his mother, arrived in Skidmore Saturday evening. Maurice and his family will make their home here and until they can secure a place to move into are staying at the home of his brother, Charley Thompson.

John Barrett, Sr., who has been in very poor health for several months was taken to the hospital in Maryville a few days ago for treatment and on Wednesday morning of this week was operated upon and aside from the removal of several gall stones other troubles were treated. Reports from the hospital this morning are to the effect that he rested very well during the night.

The condition of Dave Mitchell has so improved that he is able to sit up some at present.

Burr Oak Stock Farms will exhibit nine fine, fat, slick thoroughbred Shorthorns in the show rings at the Missouri State Fair at Sedalia which begins August 9 and closes August 16. The proprietors of these farms, Barber & Son, also contemplate entering these animals at the Iowa State Fair. These cattle were shipped to Sedalia Tuesday.

For the first time in four years, Rev. Buel Horn is spending a two weeks' vacation visiting with his parents, Mr. and Mrs. M. P. Horn, and with his brothers and sisters here and at other points in Northwest Missouri Since his graduation from Northwestern University three years ago, Buel (as we know him) has held the pastorate of the M. E. church at Colfax, Indiana.

### Barnard Bulletin.

Word has been received that Lieut. Chas. Hoshor will start home from overseas about Aug. 5. Hoshor has been attending an officers training school and received his commission before the armistice was signed.

Real work on repairing the school house and decorating the rooms began Monday. The work is being done by Mr. Royston of Graham. All the rooms and hall of the old school building will be painted and kalsomined and the blackboards repainted and put in first class condition. The estimated cost of the repairing and decorating is over $500.

Mrs. Frankie Gittinger and three children, Price, Dorothy and John, came a week ago last Friday from Norman, Okla., to visit her parents, Mr. and Mrs. Price. She will remain here for about six weeks. Mr. Gittinger, who is dean of the University of Oklahoma, will come for a short visit about the time of the picnic.

Harry Goff took a position in Kansas City Monday with the L. B. Price Mercantile company and is now with that firm. Harry recently returned from overseas and has been dickering for a good job.

### Hopkins Journal.

James George and A. C. Allen returned this week with their cattle they had been exhibiting at the Bedford fair, Mr. Allen having the white faces and Mr. George the Holstein. Mr. George won four first and two seconds and Mr. Allen four firsts and two seconds. The men, besides the ribbons and advertising, received $118 in cash, which will more than pay the expense of taking the cattle to the fair, the two men taking but twelve head to exhibit. Mel Sheley, another Hopkins man, is feeling good, having received six firsts and four seconds on corn and vegetables at the fair.

As fish and corn stories are ripe, Wayne Davidson from west of town called yesterday to say that he believed he had a corn story that is hard to beat and the best part of it, the story should be true, as it is vouched for by a minister of the gospel who helped Wayne during the rush of farm work. This particular piece of corn is on rich bottom ground, and one day in June the minister was sent to plow it, but returned to the house having found the corn waist high and too tall to plow. He and Wayne went out after dinner of the same day and found the corn tasseling, and when they went to the field that evening to see how things were progressing they found roasting ears. The ears are now so large that it will require two men to load them into wagons at gathering time.

Prof. and Mrs. Emmett T. Miller and Mr. and Mrs. H. C. Shearer left Monday overland for a month's vacation and outing in Colorado. They expect to spend most of their time in the mountains and will visit Cheyenne, Fort Collins, Loveland, Greeley, Denver, Boulder, Estes Park, Colorado Springs and Pueblo.

Sam Robbins and family returned Tuesday from an overland trip to Colorado made in their new Buick Six, reporting a fine time. They "went some" coming home, leaving Loveland Sunday afternoon at two o'clock and arriving here about six o'clock Tuesday evening. Sam has some high fish stories, claiming to have caught 85 in one day, and there is nothing stronger than two per cent in Colorado, either.

Harry McIntire, who has been with the army of occupation in Germany, arrived home Saturday and is mighty glad to get back. He is not backward in expressing himself as to the inefficiency of the war department and heartily endorses the sentiment expressed by General Sherman in saying, "war is hell. His brothers, Ed and Charley, of Vancouver, B. C., have left that city in a car headed for Hopkins, deciding to come as soon as they heard of the return of their brother to the states.

Ed Brown and wife expect to leave next week for the west and will visit the coast before returning. They will go by rail—that is, if the cars are running, the strike now making things uncertain.

Mrs. James W. Shelton of Kansas City will arrive tonight for a visit with Mr. and Mrs. Cooper Gooden and other friends and relatives.

## RAILROAD LABOR OPPOSED TO VIOLENT TACTICS

**Heads of Fifteen Railroad Workers' Unions Announce Policy In Signed Statement**

Washington, Aug 9.—Organized railroad labor has no desire to impress on the public by violence or threats the proposal that the railroads be nationalizer under a tri-party control, it was announced today in a statement signed by the heads of the fifteen railroad labor unions. The statement was explained to prevent any misunderstanding as to labor's policy in the nationization program. It was prompted by Wilson's assertion in his address to Congress that the leaders of organized labor will presently yield to a sober second, thought, and see that strikers will be certain to make matters worse for themselves, and that threats upon the interest of a single class to make settlement would be impossible.

## MRS. YEOMANS FALLS LAST NIGHT, FRACTURING HIP

**Accident Occurs at Hopkins—She Was Removed to the St. Francis Hospital This Morning**

Mrs. S. J. Yeomans, mother of Fred J. Yeomans, who was formerly county clerk, was seriously injured last night at Hopkins. In a fall she fractured her hip so that she had to be removed to the St. Francis hospital this morning. Because of her advanced age, being 77 years old, the fracture is dangerous and she suffers considerably. Her physician reports that, despite everything, she is resting as well as can be expected.

Mrs. Anna Basford went to St. Joseph this afternoon to spend a week visiting her sisters, Mrs. L. J. Doran and Mrs. L. Drumm.

# Who Profiteers?

The accompanying telegram, published in the Maryville papers Wednesday, may be partially true—but YOU KNOW IT IS NOT ALL TRUE.

**FIND PROFITEERS IN SHOE INDUSTRY**

**Federal Trade Commission Investigation Reveals Excessive Profits Have Been Made by all Shoe Interests**

Washington, Aug. 6.—The present high cost of shoes is entirely unjustifiable. This is the finding of the federad trade commission to be submitted to Congress following an investigation of the activities of packers, tanners, manufacturers, and retailers during the period from 1914 to 1919, it was announced today.

The report of the commission shows a succession of profiteering down the line. The commission found, according to report, that one of the Lamar packers controlling the supply has taken successive profits, and has passed the increased costs to subsequent steps in the manufacturer and distributor. Two tanners have made excessive profits. Three manufacturers have taken unusual margins. Four prices were charged by the retailer as unjustifiable, each factor in the industry having added to the burden he had to bear, just before it was passed on to the next.

The price of shoes is no higher than other commodities, including farm pro duce, and when workmen have to pay twice as much for what they eat, they have to have more wages and of course the things they make have to be sold for more money.

But of course you know that a small country store could not regulate prices—the only way we can keep prices down is by taking off our profit and that would not make much difference.

However WE DO SELL FOR LESS THAN THE BIG CITY SHOE STORES.

We are actually duplicating shoes sold in the city at 10 to 25 per cent less money.

How do we do it—our expenses are a little less, of course, but the big item is WE DON'T MAKS AS MUCH PROFIT.

In other words this store is not profiteering. We are enjoying an excellent trade because we sell good shoes at reasonable prices, and if we make money it is by honest dealing, because we expect to do business here for a long time with the same customers we have been selling for years.

# Stop and Think

For one moment why you stay in the East, and pay big interest or high rent when you can go west and soon own a farm of your own.

The West offers greater opportunities to any man than the East and especially to the poor man or man of reasonable means. I started in this land business last fall and have made a success of it by doing an honest business and by selling on reasonable commissions. My business has grown until I have had to have a partner, so Mr. Newt Morgan of Parnell, Mo., is going in with me. I have sold three thousand six hundred acres of land; have just closed a deal on one thousand and fifty acres at forty-five thousand dollars.

This has been the dryest year ever known to the oldest settlers and yet it is wonderful to see what crops we have raised. Most of the corn will make 20 to 30 bushels to the acre. We have had plenty of rain since the third of July and all late crops will be good. I am located at Carpenter, Wyo., in the southeastern corner of the State and have lots of land listed with me for sale now. I have farms of all sizes from one hundred acre farms to five thousand acre ranches and I know I can save any man money that wants to buy a farm or ranch. So don't fail to see me before buying. I have sold eleven thousand six hundred dollars worth of hogs since last October. I fattened them from the corn that I raised last year on one hundred and thirty-five acres. My last car load of sixty-two head brought four thousand and two dollars. I now have nine hundred and sixty acres of land. When I left Maryville, Mo., three years ago last October I was not worth five hundred dollars, today I am worth at least twelve thousand dollars. Now judge for yourself whether this is a good country to make money in or not. Then come and have a talk with me at the Nodaway County Fair and see samples of what we have raised this year, then make up your mind to come back with me and buy a farm or ranch and you will make the best move that you ever made in your life. For further information se me at the Fair August 11 to 16.

## 30,000 RAIL SHOPMEN RETURN TO THEIR JOBS

Chicago, Aug. 9.—J. D. Sanders, secretary of the Chicago district of the Union of railroad shipment on strike wired President Wilson today regretting to inform him that "the present attitude of our men on strike remains unchanged."

Chicago, Aug. 9.—Report reaching union headquarters here today indicate that thirty thousand of the forty thousand striking railway shopmen have returned to work, following the statement of the president that their wage increase demands would not be considered until they had resumed work. As a result, railway officials were arranging to resume the running of a number of local passenger trains which have been suspended since last Thursday night.

## APPEARANCE OF ARMY AIRPLANE TODAY IN DOUBT

**Accident to Plane at Red Oak, Iowa, Yesterday Caused a "Hitch" in the Schedule**

Superintendent Schultz of the chautauqua announced late this afternoon that he was not able to state definitely when the airplane would show here.

Lieutenant Milo Mills, former aviation instructor at Kelly Field, Texas, and pilot of the regular chautauqua flight machine suffered a mishap yesterday afternoon at Red Oak, Iowa. His machine struck some telegraph wires and was completely demolished. Owing to the accident the scheduled appearance of the airman here today is in doubt.

Major R. C. Bridgman, an American ace, who was a junior at Yale when he enlisted in the LaFayette Escadrille of France at the beginning of the great world war, and later was transferred to the American army, where he downed eight Hun planes, told this afternoon at chautauqua of the "Romance of Flying."

Major Bridgman is not an orator, but he tells in a simple, soldierly manner the actual experiences of the army airman.

**A Business College.**

Did you ever have anyone tell you that you could finish a complete business course in six to eight weeks? If you did don't believe it. That kind of a course will fit you only for a six to eight week job. Your employer will want someone who had had broad enough training to do the work he has to do. The splendid course that Palmer College at Albany, Mo., gives will fit you for such a position. It gives it at a very reasonable cost. It is a pleasure to go to school at Palmer. Its surroundings are beautiful and healthful. Its social life is clean and uplifting. its equipment is fine. Then why not Palmer? 9 adv.

# It's Even Cheaper

If you could do your washing just as cheap with an electric washer as you could a hand washer, it would pay you to change because of the amount of labor saved. But if you can do your washing cheaper in addition to this saving of labor, you should by all means have an electric washer. For five or ten cents a week you can do your washing electrically. An electric washer is positive and steady in action thus washing clean without jerking, pulling and tearing the clothes. The wringers and washers are easily controlled, and it is possible to reverse the wringer instantly, making it safe and very easy on the clothes.

All mechanical parts of the washer is covered so there is no danger of catching clothing or getting oil on the clothes.

Come in and investigate the merits of an electric washer.

## PRESIDENT CALLS

(Continued from page 1)

country for the party's manifest dereliction on not tackling some of the big problems at once.

When the president stretched his hand across the Atlantic and welcomed the lawmakers in May—after Republicans had assailed him with vigor for not calling the session sooner—he made plain that the prime duty of congress was to busy itself in solving some post-bellum problems of a domestic nature, which could not be long deferred.

Republicans agreed. But they made no real progress toward solution. They have worked now ten weeks or more, and they have made no real headway. And the belief is quite generally expressed that they will not do any better in the next ten weeks.

**Can't Work Together.**

This may puzzle those earnest folks of the country who are not on the spot to catch the drift of things. But the truth is the party controlling congress is divided fundamentally into two schools—the stand-patters and the progressives. There are wide gaps between them on all important subjects. When they will get together or how is an enigma the leaders have worried about for days and nights. But they canot bring together the conflicting opinions of the two groups. It is an imposible task. The leaders virtually gave up.

The decision to adjourn was a tacit admission of this. Now with the president compelling them to face the music and fight it out, it looks as if the most disagreeable task the Republican party ever had is just ahead of it. And with the leadership completely in stand-pat hands it looks as if the progressives, a number of whom are downright anxious to help their country first and their party next, will have to enter a long period of intramural warfare before they can expect to make the way clear for doing some little good for their country.—St. Joseph Observer.

## REFUSE TO WITHDRAW POLICE FROM CHICAGO YARDS

**Union Officials Say That Officers Must Be Withdrawn Before Men Return—Threaten General Strike**

Chicago, Aug. 9.—Chief of Police Garrity, at a conference today with union leaders of striking stockyards employees, refused to grant their demands that the police and special deputies be withdrawn from the yards.

Chicago, Aug. 9.—Officials of the packing house employes union met today with Chief of Police Garrity to present formally for the first time the demands that the special police deputies assigned to the riot zone since the start of the riots be withdrawn before they will call off their strike. Unless their demands are met the union officials say that between thirty and forty thousand workers will be on strike before night, and the packing plants will be compelled to close completely. The packing house representatives estimate the number of men and women out at ten thousand.

And the Pebbles Were Diamonds!

The farmers of Kimberly were dissatisfied. They said they couldn't make a living from their farms. And all the time their children in the fields were playing with diamonds.

But they didn't know. They thought they were pebbles. They died poor.

Lots of people are just like those Kimberly farmers. They look for opportunity with a telescope, in some far-away place, when it is really so close that they could reach out their hands and grasp it.

Don't miss the advertisements. They are business mines of opportunity. They tell of values that you might never know if they were not there to guide you.

Don't miss them. They will save you money.
